Ford Mondeo. Evolution with integrity

Take a fresh look at the new Ford Mondeo. With even greater levels of quality, style and equipment, it redefines the standards in its class.

Always distinctive, the Ford Mondeo's crisp lines are now accentuated by deep new bumpers and an elegant front grille with a chrome surround. Fresh rear lights and clear side repeater lenses convey a more progressive appearance. So too do the subtle chrome accents and the latest range of dynamic alloy wheels.

Inside, the choice of premium materials, textures and soft-touch surfaces help to define the Ford Mondeo's refined craftsmanship and elegance. While beneath the surface, the confidence-inspiring Intelligent Protection System and unrivalled driving experience add to your sense of well-being.

The range has been redefined with the addition of the new Ford Mondeo Titanium. Offered as an alternative to the traditional luxury of the Ford Mondeo Ghia, its contemporary styling, distinctive features and choice of engines, including the powerful 2.2 Duratorq TDCi 155 PS diesel, will leave a lasting impression on even the most discerning driver.

Fresh, distinctive and full of personality, the latest Ford Mondeo range will set you apart from the rest.

Note Some of the vehicle images in this brochure are of a pre-production model and are computer generated, therefore, the design/features on the final version may differ in various respects. In addition, some of the features shown on the vehicle may be optional.

Quality in motion

With superior quality, style and safety features built in, the Ford Mondeo sets the benchmark for its entire class.

Feel better inside

Shape up your driving environment with expressive design, high-quality materials and intuitive controls.

Styled to inspire, engineered to protect

An assertive stance of confidence and strength creates a memorable first impression.

The art of dynamic design

Elegant, dynamic and spacious, the versatile Ford Mondeo is as close as you can get to the ideal wagon.

Midnight express

Put the exhilaration back into driving. Because even the hardest worker deserves a night off.

Driven to perfection

The new Ford Mondeo has everything you need. And nothing you don't. A synthesis of advanced technology, premium quality materials and a class-leading driving experience. All wrapped in an elegant, dynamically-styled body.

Survival has always depended on quick responses

Driving the new Ford Mondeo should always be fun. But it also needs to be safe. So you will find a rigid chassis and low-friction steering for quick and nimble reaction. And high-performance anti-lock brakes which, together with Emergency Brake Assist (EBA), can significantly reduce stopping distances.

An ultra-strong safety cell with energy-absorbing zones front and rear provides a rugged survival compartment for you and your passengers, while the acclaimed Intelligent Protection System (IPS) keeps constant watch over the vehicle. If danger should threaten, IPS will assess the severity of the incident and respond in a split-second, activating the most appropriate safety system to provide reassuring passenger protection.

Advanced safety

Offering a total of six airbags, you can rest assured that the Ford Mondeo's advanced Intelligent Protection System is comprehensively equipped to care for your welfare.

Stopping power

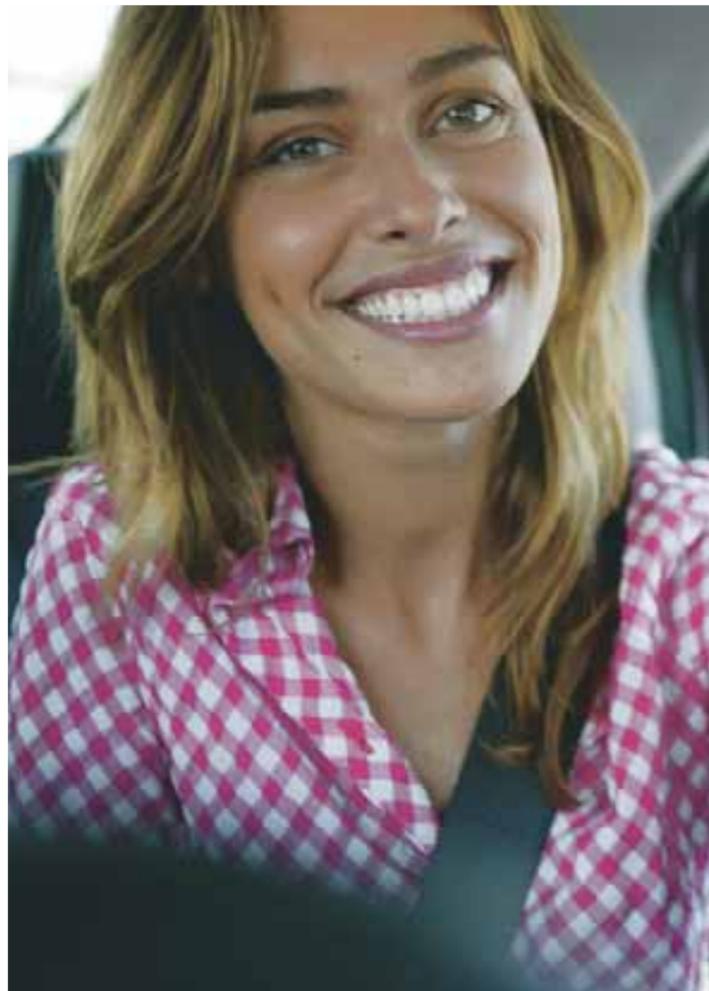

To help reduce stopping distances and help you retain control all Ford Mondeos are equipped with powerful disc brakes with electronic ABS, electronic brake-force distribution (EBD) and Emergency Brake Assist (EBA).

Seat engineering

All seats have anti-submarining bases to help prevent passengers sliding beneath the seat belt in an impact, while front seats also incorporate anti-whiplash head restraints.

Side airbags

Front seat side airbags are designed to help cushion the occupants in the event of a side impact.

The power to move you

True driving pleasure is an experience to be savoured. It's a blend of refined power and responsive performance, a quick-shifting transmission, precise steering and agile handling. So the Ford Mondeo is available with a choice of dependable and technologically advanced engines and transmissions.

Key among these is the new 2.2-litre Duratorq TDCi diesel engine. Delivering 155 PS, and a huge 400 Nm of torque** from just 1800 rpm, it's the most potent TDCi diesel engine yet.

If you prefer petrol engines, our latest range includes an exciting new 3.0-litre 204 PS Duratec V6 petrol engine. With enhanced refinement and performance, it is offered in Ghia and Titanium models. An innovative Duratec SCi engine is also available. Featuring direct petrol injection, the 1.8-litre engine combines the low fuel consumption of a diesel with the responsiveness of a petrol engine.

You will also find a choice* of 5- or 6-speed Durashift manual transmissions, a Durashift 4-speed automatic, and the latest Durashift 5-tronic that provides the benefits of both manual and automatic transmissions with none of the drawbacks.

*Availability according to model.
** With transient overboost

Duratorq TDCi engines

The Ford Mondeo's Duratorq TDCi premium diesel engines use cutting-edge, common-rail technology for a more powerful and refined driving experience.

Durashift 5-tronic transmission

The Durashift 5-tronic transmission offers a choice of fully automatic gear changes, or sequential manual shifting using steering wheel-mounted controls. Optional, at extra cost, on selected models.

Because first impressions count

Stylish, progressive and of impeccable character, the new Ford Mondeo has matured into a car to be proud of. Quality permeates every detail, from the precisely reworked front with its proud new grille to the elegant rear end and its fresh light clusters.

It's not just the visual treatment that has to be right either. Settle inside and you'll find that equally close attention has been paid to the materials to ensure that they not only look superb, but are also pleasing to the touch. Even the switches and controls are perfectly weighted to give the quality feel and sound that are the mark of true craftsmanship.

Bodystyles and series

Whatever your driving needs, the new Ford Mondeo will suit you perfectly. Choose from three bodystyles and eight distinctive series for the ultimate expression of choice.

From the stylish and affordable LX to the self-confident Zetec; from the luxuriously appointed Ghia and Ghia X to the contemporary styling of the stunning new Titanium and Titanium X, or the exhilarating ST TDCi and high-performance ST220 grand tourer. No matter which model you favour, you are sure to be impressed.

Model shown is finished in Stardust Silver metallic paint (optional, at extra cost).

LX

- 16" 8-spoke design wheelcovers
- New front upper grille with chrome surround
- New lower grille
- New front and rear bumpers
- New rear lights with chrome strip (4-door and 5-door models)
- Transparent fender side repeat flasher
- New rear red reflectors in lower rear bumper
- Air conditioning
- 'Quickclear' heated front windscreen
- Electrically-operated front windows with 'bounce-back' sensor
- Electrically-operated and heated door mirrors
- Remote control central/double locking
- Roof rails (Estate)
- Model 6000 radio/CD with remote control stalk
- Driver's seat electric height adjust and manual lumbar support
- Cruise control
- Gear knob with satin aluminium insert
- New gear lever gaiter chrome surround
- Soft-feel front upper door trim
- Chrome interior door release handles
- Chrome accents on heater air vents

With greater style, quality and craftsmanship, the LX is the perfect expression of the new Ford Mondeo range. Inside and out, it will leave you with a lasting impression.

Model shown is finished in Deep Rosso Red metallic paint (optional, at extra cost).

Style and function

Bright metal-finished switches look good and feel pleasant to the touch.

Note: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

Zetec and Zetec Nav

Additional to LX

- 16" 7-spoke alloy wheels
- Sport Suspension
- Air conditioning with Electronic Automatic Temperature Control (EATC)
- Power-operated rear windows
- Front fog lamps
- Body colour door handles
- Body colour bodyside mouldings
- Leather-wrapped steering wheel
- Leather gearshift knob with satin aluminium insert
- Rear seat folding centre armrest
- Metallic-finish door trim and centre console facia
- Illuminated vanity mirrors
- Fabric trim in choice of two colourways

Zetec vs. Zetec Nav*

- CD Satellite Navigation System

* Please note, leather trimmed steering wheel, power-operated rear windows and sport suspension are not included on Zetec Nav

Make the smart choice with the Ford Mondeo Zetec. Spirited and stylish, it's engineered for maximum driving enjoyment, while the attention to detail is first rate.

Model shown is finished in Tonic metallic paint (optional, at extra cost).

CD Satellite navigation System - TravelPilot EX

Zetec Nav is equipped with a CD Satellite Navigation system offering radio, route guidance and MP3-capable CD-player, all in one.

Ghia

Additional to Zetec

- 16" 6-spoke alloy wheels
- Sony 6006 CD/radio with 6-disc in-dash autochanger
- Rain sensing windscreen wipers with variable speed control
- Auto lighting
- Body colour front and rear lower bumpers
- New bright-finish front mesh grille
- Electrically-operated and heated door mirrors
- Mirror puddle lights
- Door handles with chrome insert
- Chrome inserts on upper door line (4- and 5-door models)
- Chrome bar in lower front bumper
- Two-tone instrument panel
- 'Mocca' finish centre stack facia and front door spears
- Leather gearshift knob with satin aluminium insert
- Leather handbrake handle and chrome release button

Easy elegance comes in the shape of the Ford Mondeo Ghia. Refined and generous, it offers the perfect blend of ergonomics and design for the most discerning driver.

Model shown is finished in Machine Silver metallic paint (optional, at extra cost).

Bumper protection

The Ford Mondeo Ghia Estate has a chrome rear bumper scuff plate to help protect the bumper from knocks and scratches when loading and unloading.

Ghia X

Additional to Ghia

- 17" 7-spoke polished alloy wheels
- Leather or Alcantara seat trim
- Variable climate-controlled front seats
- Leather/real wood steering wheel
- Real wood insert on Durashift 5-tronic gearshift knob
- Rear centre armrest with stowage compartment/ cup holders
- Lower front chrome mesh grille
- Body coloured front and rear bumper strips

Only the finest materials find their way inside the Ford Mondeo Ghia X. Real walnut wood accents, luxurious soft leather or Alcantara trim, chrome-plated highlights. A classic example of elegance and premium comfort.

Model shown is finished in Panther Black metallic paint (optional, at extra cost).

Elegant control

The Ghia X's interior is rounded-off by an exclusive multifunction steering wheel with an ergonomically designed wood and leather rim.

Titanium

Additional to Zetec

- 17" 5-spoke alloy wheels
- Sony Single CD stereo radio/CD/MP3
- Privacy Glass
- Unique Waffle seat trim
- Body colour front and rear lower bumpers
- New bright-finish front mesh grille
- Electrically-operated and heated door mirrors
- Mirror puddle lights
- Body colour door handles with chrome insert
- Chrome inserts on upper door line (4- and 5-door models)
- Chrome rear bumper scuff plate (Estate only)
- 'Titanium' finish centre stack facia and front door spears
- Chrome gearshift knob
- Leather handbrake handle and chrome release button
- Leather-look stitched vinyl armrest

Take your driving experience to a new level with the stunning Ford Mondeo Titanium. With exclusive contemporary styling and packed with modern luxury features, it demands attention at every turn.

Model shown is finished in Stardust Silver metallic paint (optional, at extra cost) with optional touch screen DVD Navigation unit.

A new bright-finish front mesh grille adds to the Ford Mondeo Titanium's stylish appearance.

Titanium X

Additional to Titanium

- 18" 7-spoke polished alloy wheels
- Electronic Stability Programme (ESP)
- Unique Titanium Leather/Alcantara trim
- Variable climate-controlled front seats
- Advanced Bluetooth® /Voice control
- Lower front chrome mesh grille
- Body coloured front and rear bumper strips

Take a look at the sensational new Ford Mondeo Titanium X. With its eye-catching styling and up-to-the-minute technology features, it has all the ingredients needed to enhance your driving experience.

Model shown is finished in Panther Black metallic paint (optional, at extra cost).

High-performance style and grip

Dramatic 18" 7-spoke polished alloy wheels shod with 205/50 R18 tyres endow the Ford Mondeo Titanium X with exceptional grip and poise.

ST TDCi

Additional to Zetec

- 18" 16-spoke alloy wheels
- Sony 6006 CD stereo radio/CD with 6-disc in-dash autochanger
- Sports bodystyling bodykit
- Aerodynamic rear spoiler
- Electronic Stability Programme (ESP)
- Thatcham Category 1 alarm
- ST Badged leather-wrapped steering wheel and gearshift knob
- Partial leather seats
- Heated front seats
- 2-way power-adjustable front passenger's seat
- Power foldable and heated door mirrors
- Rain-sensing windscreen wipers
- Auto-lighting
- Self-levelling rear suspension (Estate)
- Metallic paint (Performance Blue is optional, at extra cost)
- Single chrome-plated exhaust pipe (4/5 door only)
- Leather gearshift knob with satin aluminium insert
- Headlight jetwash

Why compromise when you can have it all? Distinctive sports design, exhilarating performance, plus the refined efficiency of the very latest Duratorq TDCi diesel engine – that's the beauty of the Ford Mondeo ST TDCi.

Model shown is finished in Machine Silver metallic paint.

Comfort and control

Partial leather seats and short-throw gearshift with a purposeful chrome gear knob.

ST220

Additional to Zetec

- 18" 16-spoke alloy wheels
- Sony 6006CD/radio with 6 disc in-dash autochanger
- Sports bodystyling kit
- Electronic Stability Programme (ESP)
- Thatcham Category 1 alarm
- Aerodynamic rear spoiler
- Recaro heated front sports seats with 8-way driver and front passenger power-operated seats
- Leather seat trim
- ST Badged leather-wrapped steering wheel and gearshift knob
- Mirror puddle lights
- Power foldable and heated door mirrors
- Rear seat centre armrest with integral stowage compartment/cup holder
- Trip computer
- Heated front seats
- Rain-sensing windscreen wipers
- Auto-lighting
- Metallic paint (Performance Blue is optional, at extra cost)
- Headlight jetwash

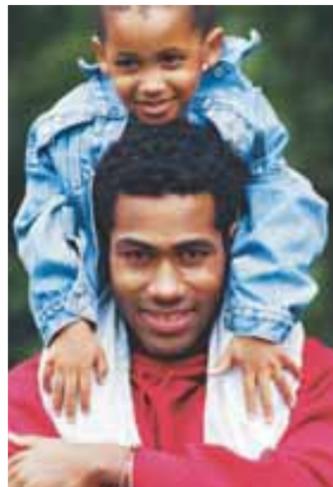

For the ultimate expression of individuality and genuine sporting prowess look no further than the Ford Mondeo ST220. A sophisticated grand tourer that's equally at home on the high street or the open highway.

Model shown is finished in Performance Blue metallic paint (optional, at extra cost).

Red-hot excitement

The ST220's figure-hugging Recaro sports seats are available trimmed in stunning Infra Red leather.

Finance and services

Across the UK, a dedicated network of Ford Dealers is equipped and trained to meet the needs of today's drivers. Because of our coveted reputation for quality and reliability, from the moment your new vehicle leaves the showroom, you are assured of lasting, attentive service in many ways. Ford not only cares through Dealers, we also offer a variety of finance and leasing schemes to suit the needs of both the private and business customer. With our wide choice of plans and services no one is more committed to delivering complete motoring confidence and total peace of mind than Ford.

Ford Credit

Music to your ears

From the latest premium quality audio systems to information and entertainment options, the new Ford Mondeo is in tune with your needs.

Offering outstanding sound reproduction, easy-to-operate features and good looks, each system is precisely tuned for the interior acoustics. Even after you have taken delivery of your new car, you can continue to customise its entertainment systems so you can have exactly the features you want.

A choice of streetwise navigation systems are also available, each combining accurate route guidance with state-of-the-art audio. The advanced Touch screen DVD version, for example, features a full-colour display with touch-screen function and MP3 playback capability.

Rear seat passengers are well looked after too, with an optional rear seat audio system with its own controls, or a premium option DVD MultiMedia system with twin head restraint-mounted colour screens.

1. Rear seat audio system

Independent audio controls and headphone sockets for rear seat passengers. Requires Sony audio system or DVD navigation system with touch screen. (Option.)

2. Hands-free telephone kit

Choice of hands-free telephone equipment, including the latest Bluetooth® technology. Handset-specific phone holders are available from the accessory range**. Please consult your Dealer for further information. (Option and accessory.)

3. High-performance Sony audio system

Incorporates a 6-disc autochanger that can play back your own compilations on CD-R/RW discs. (Standard on Ghia, Ghia X, ST TDCi and ST220, option on other models.)

4. MultiMedia system*

MultiMedia system allows rear seat passengers to watch DVD movies or play computer games (auxiliary leads required). Includes two headphone sets and infrared remote control. (Option.)

5. DVD Touch screen Navigation unit

The Ford Mondeo's Touchscreen Navigation unit features a high resolution 7" display, with colour directional visual/audio route guidance. The unit also includes the industry standard RDS-TMC (Radio Data System - Traffic Message Channel), providing you with up to date traffic information the moment it's available. You'll never have to ask for directions again! (Option)

Note Please refer to specification tables on page 63 for details of availability.

***Note** Available only at time of new vehicle purchase.

****Note** It is an offence for drivers to use a hand-held mobile phone or similar device whilst driving.

6

1. Tow bar
A sturdy, reliable tow bar, available as a fixed or detachable version. Offered in combination with an electrical connector kit (13-pin or 7-pin). (Option and accessory.)

2. Dog guard
The robust dog guard is extendable by a load compartment partition and separates the luggage area from the passenger compartment. (Option and accessory.)

3. Load carrier
Lockable load carriers are available for all models (4/5-door shown). For estate, see picture 4). (Accessory.)

4. Bicycle carrier
Easy-fit bicycle carrier is designed for use with our load carrier. Features integral locks to help keep bikes safe and secure. (Accessory.)

5. Package tray storage box
Fitted in the luggage compartment under the package tray (5-door only). (Option and accessory.)

6. Load barrier retention net
Safety feature to prevent luggage moving forward into the passenger compartment whilst driving. (Accessory on estate only.)

Transportation
Add transportation capacity to your Ford Mondeo estate with tow bar, roof load carrier, Thule roof box and dog guard.

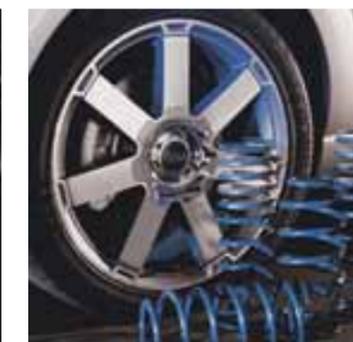

Eibach suspension lowering kit
Gives a low and sporty look, while retaining a smooth ride and excellent body control. Lowers the car by 30-40 mm. (Accessory.)

Thule roof box
Made by the most respected name in rooftop transportation. Designed to carry a wide variety of loads and protect them from the weather and theft. (Accessory, available in a wide range of sizes.)

Britax Römer child seats
Provides optimum all-round protection and comfort. Seats are available for all ages. Removable and washable cover. (Accessory.)

*Available only at time of new vehicle ordering

Get there in style

Wherever your dream destination may be, we can help you get there in style. Designed to accentuate the Ford Mondeo's muscular lines, the styling range includes an aerodynamic front bumper, integrated side skirts and a choice of rear spoilers. As a final sporting touch, a range of fabulously styled alloy wheels and wide, low-profile tyres helps reinforce the Mondeo's dynamic appeal.

Rear spoiler

Aerodynamic body colour rear tailgate spoiler for the Mondeo 5-door. (Option and accessory.)

Rear spoiler - estate

Stylish body colour spoiler gives a sporty look to the Mondeo estate. (Option and accessory.)

Sports pedals

Set of aluminium sports pedals with non-slip rubber inserts. (Option and accessory.)

Sports bodystyling

Make a bold statement with the Ford Mondeo bodystyling range. Specially developed to enhance the car's dynamic performance and underline its sporty look. (Ford Mondeo 4-door with rear spoiler and 5-spoke alloy wheels.)

Take a trip to the official Ford Boutique

Celebrate the ownership of your new Ford Mondeo with a choice of officially licensed and approved high-quality products. From clothing to prestige items, there's something for everyone in the Ford Boutique. More items can be found in the Boutique catalogue or at your local Ford Dealer.

Golf umbrella

Keep the rain at bay with this windproof 'storm' golf-style umbrella. Finished in blue and white with a distinctive Ford Oval. (Ford Boutique.)

Wristwatch

Classic gentleman's watch featuring a stainless steel crown, black dial with a silver index and a leather strap. Also available for women. Gift box and instruction manual included. (Ford Boutique.)

Sunglasses

'Metal' sunglasses with black metal frame and light blue lenses (shown). Also available in 'Sport' style with PVC frame and black lenses. (Ford Boutique.)

It pays to be prepared

There are times when even the most careful among us can be caught out. So it's wise to take precautions. Not only will you keep your car in shape, but you will also help to safeguard your investment.

From protective mudflaps and floor mats to useful luggage nets and cargo barriers, you can be ready for almost anything. There's even an optional parking distance system available, to help guide you into the tightest parking space with the minimum of fuss.

1. First-aid kit and emergency equipment

Warning triangle, safety vest, fire extinguisher, first aid kit, towing rope and jump leads help you to be prepared for emergency situations. (Accessory.)

2. Mudflaps

Keep your Ford Mondeo's bodywork free from unsightly stone chips and road spray with these custom-made contoured mudflaps. (Option and accessory. Not suitable for vehicles with side skirts.)

3. Park Assist System (Parking Distance Sensor)

An audible warning helps you to safely judge the distance between the rear of your car and an obstacle for easier parking and manoeuvring. (Option, available only at time of new vehicle purchase.)

4. Luggage compartment anti-slip mat

Designed to fit the Mondeo's load compartment, the anti-slip mat protects the carpet and helps reduce the tendency of items to move while driving. (Accessory.)

5. Stone chip protection

Safeguard your investment with this detachable transparent stone chip protection foil (highlighted for visual purposes only). (Accessory)

6. Carpet floor mats

Premium velour front and rear mats with Mondeo logo, tailored to suit your chosen interior. Driver's mat is fixed to avoid slippage and interference with the foot pedals. (Option and accessory.)

7. Rubber floor mats

Front and rear floor mats moulded in durable anthracite rubber to help protect the carpets from dirt and water. (Accessory.)

Duratorq diesel engines

Smooth, quiet and responsive, the Duratorq TDCi premium diesel range is perfect for those seeking refinement and performance, but with the economy and durability of a diesel engine.

Duratec petrol engines

The Ford Mondeo comes with a choice of free-revving and reliable Duratec petrol engines. From the 110 PS 1.8 Duratec HE to the 226 PS 3.0 Duratec ST V6, there's an engine to match your needs.

Duratec SCi petrol engines

The 1.8-litre Duratec SCi engine uses direct petrol injection for improved fuel economy and lower emissions.

**Durashift 6-speed manual transmission**

Available on selected models, the Durashift 6-speed transmission combines greater in-gear flexibility and top speed potential with enhanced fuel economy and refinement.

**Durashift 5-tronic transmission**

Optional Durashift 5-tronic transmission offers a choice of fully-automatic gearshifting or sequential manual gear selection. In addition, all Ford Mondeos come with cruise control for fatigue-free highway driving.

**Fingertip gearshifting**

Steering wheel-mounted controls mean you can enjoy sporty fingertip gearshifting with the optional Durashift 5-tronic transmission.

*In 4th gear for 5-speed manual transmissions, in 5th gear for 6-speed manual transmissions. ^o Ford test figures. ^{oo} All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are from officially approved tests in accordance with EEC Directive 1999/100/EC. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a car of the class in question (see back cover). All the figures are based on tests conducted on vehicles with core equipment level and with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle. **Urban** An engine started from cold in laboratory conditions operated at varying speeds, maximum 31 mph, average 12 mph over a theoretical distance of 2.5 miles (4 km). **Extra Urban** Conducted immediately after the urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 75 mph over a distance of 4.3 miles (7 km). **Combined** This is an average of the two parts of the test, weighted by the distances covered in each part. **Note** All vehicles are 5-speed manual except where shown.

Electronic Stability Programme (ESP)

Available on selected models, Electronic Stability Programme (ESP) incorporating ABS, is designed to help the driver restore stability during sudden movements, boosting car and occupant safety. For example, avoiding an obstruction in the road, a severe lane change manoeuvre, or counteracting adverse driving situations, such as understeer or oversteer.

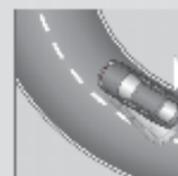

Understeer is caused when the front tyres slip, forcing (arrow) the nose of the car to slide towards the outside of the curve.

As the front slides first in understeer there is more grip available from the rear tyres. ESP detects this and applies either the left (arrow) or right rear brake.

The application of the brake induces a force (arrow) that acts in the opposite direction to the slide, returning the car to its correct path.

Oversteer is caused when the rear tyres slip, forcing (arrow) the tail of the car to swing wide.

As the rear slides first in oversteer there is more grip available from the front tyres. ESP detects this and applies either the left or right (arrow) front brake.

The application of the brake induces a force (arrow) that acts in the opposite direction of the slide, returning the car to its correct path.

Traction Control System (TCS)

If a front wheel starts to spin, optional TCS - available as part of the Interactive Vehicle Dynamics package, standard on V6 - diverts power to the other wheel. At speeds above 50 km/h, TCS is designed to automatically reduce engine speed to match road traction, making the ride smoother and safer.

*Represents the minimum kerbweight assuming full fluid levels and 90% fuel levels, including driver at 75 kg; subject to manufacturing tolerances and options, etc., fitted. ** = Optional transmission. **Key** This table shows the availability of engine and gearbox combinations on Ford Mondeo models and resulting kerbweights. **Note** All vehicles are 5-speed manual except where shown **Towing limits** Figures quoted represent the maximum braked trailer towing mass, with ability for the vehicle to restart on a 12% gradient, either a) max. permissible or b) at Gross Vehicle Mass. The performance and economy of all models will be reduced when used for towing. ST220 is not designed to tow. For further guidance, refer to the National Caravan Council's Towing Code. **Roof rack load** is a maximum of 75 kg.

***Note: A child seat should never be placed in the front passenger seat, when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.**

Intelligent Protection System

The Ford Mondeo is equipped with an Intelligent Protection System. In the event of an accident, the system determines the severity of the impact and automatically activates the most effective safety features.

Dual-stage driver's and front passenger's airbags*

New dual-stage airbags are designed to inflate at two different rates depending on crash severity and, in the case of the driver's airbag, the position of the driver's seat.

Curtain airbags

In the event of a side impact, side curtain airbags descend from the headlining above the doors to help protect front and rear passengers.

Side airbags

Side airbags are built into both front seats to help cushion the chest and thorax in a side impact, regardless of the seat position.

Front and rear seat belts

Pyrotechnic front seat belt pretensioners take the slack out of the webbing in the event of an impact, while load-limiting retractors release a small amount of belt to help reduce chest loading.

Anti-whiplash front head restraints

The front head restraints are deployed both upward and forward to help reduce the risk of whiplash injuries in the event of a severe impact.

Sensor network

Strategically-positioned sensors supply vital information to the central processing unit at the centre of the Intelligent Protection System.

BeltMinder™

Mondeo's BeltMinder™ system gently reminds the driver to fasten their seat belt.

Anti-lock brakes

Ford Mondeo's anti-lock brakes (ABS) with electronic brake-force distribution (EBD) help to reduce speed swiftly and safely.

Emergency Brake Assist

Together with its sophisticated chassis, suspension and braking system, the Ford Mondeo is available with Emergency Brake Assist (EBA) as standard. This advanced system is designed to help reduce emergency stopping distances by reinforcing the

driver's braking effort. When activated, EBA will automatically apply the brakes to their maximum pressure until the driver releases the brake pedal.

Decoupling brake pedal

To help reduce the risk of leg injury, the brake pedal is designed to collapse safely at the moment of impact.
